

Call for Paper

✓ Important Dates

- **Conference**
18~20 Feb. 2021
- **Paper submission due**
20 Oct. 2020
- **Notification of acceptance**
11 Nov. 2020
- **Final paper submission and registration :**
30 Nov. 2020

◆ Program Structure and Presentation Types

- The ISIITA 2021 will consist of
- keynote presentations (invited speakers)
- oral paper presentations
- poster presentations

▶ Paper Submissions

The papers presented in ISIITA 2021 will be also included in the JIITA, JIETA. Papers presented at the ISIITA 2021 will be published under the supervision of ISIITA. Papers should be readied 2-4 pages with conference template. Also it should not be published and not be reviewing any other conferences and journals. Selected high quality papers will be recommended for the publications in the competitive International Journals such as SCI(E), SCOPUS, and EI indexed journals. The ISIITA 2021 supports the participants to organize the special sessions. Special session has no limit research area, and the session should be organized with four or more papers. Session organizers will be included automatically as a member of steering committee.

▶ Aim & Scope

The International Symposium on Innovation in Information Technology Application (ISIITA) 2021, the world's premier networking forum of leading researchers in the highly active fields of information technology application, will be held in Jeju Island, Republic of Korea. The ISIITA 2021 will include oral and poster sessions as well as tutorials given by experts in state-of-the-art topics. IT experts, researchers, and practitioners from each field are invited to share ideas and research technologies; moreover, encouraged to cooperate with each other to overcome the confronted technical problems. As a result, this conference will become a place of knowledge where a variety of effects can be created.

▶ Host City : Jeju Island, South Korea(Republic of Korea)

Jeju Island is fast becoming the go-to island destination in South Korea thanks to its breathtaking beaches, scenic cliffs, local delicacies, and welcoming local population. With an area that is three times bigger than Seoul, the country's capital, Jeju Island provides a wide landscape of possibilities for your next vacation adventure.

▶ Conference Topics

Topics include, but not limited to

❖ Information and Communications Systems

- RFID (radio frequency identification)
- USN (Ubiquitous Sensor Network)
- Telecommunication Systems
- Multimedia
- Digital Signal Processing
- Mobile/Wireless Communications

❖ Biomedical information Science and Technology

- u-Healthcare
- Biosensors
- Wireless/mobile healthcare system
- Computational Health Informatics
- Rehabilitation Engineering & Assistive Technology

❖ Management Information Systems

- Data Governance
- IT Project Management
- Electronic Commerce
- Financial Management
- Information Security
- Software Engineering
- Business Process Management
- Multimedia Business Applications

❖ Computer Application Systems

- Web Mining
- Visualization
- Artificial Intelligence
- Intelligent Interaction
- Computational Theory
- Web-Applications
- E-Learning
- Data Mining and Ontologies
- Computer Graphics and Vision

❖ Industrial Electronic Systems

- Nano Technologies
- SoC/VLSI
- Robotics
- Embedded System
- Power Electronics
- Sensors and Control

❖ Nano Electronic materials and Device

- Nanomaterials and Nanocharacterization Area
- Quantum Electronic Material and Device Area
- Functional Molecular Materials and Devices Area
- Engineering Science for Advanced Device Area
- Quantum Optoelectronic Devices Area
- Organic Electronic Device Area
- Biosystems and Devices Area
