

International Symposium on Innovation in Information Technology and Application

ISIITA 2021 SUMMER

Yeosu, Korea | August 23(Mon.) - 25(Wed.), 2021
- Hybrid Online and Offline Conference

CALL FOR PAPERS

❖ Important Dates

- **Paper submission due**
: Jun 25, 2021
- **Notification of acceptance**
: July 5, 2021
- **Final paper submission and registration**
: July 30, 2021
- **Registration**
: July 5~30, 2021

❖ Program Structure and Presentation Types

- The ISIITA 2021 will consist of
- Hybrid online and offline conference
 - Keynote presentations (invited speakers)
 - Oral paper presentations
 - Poster presentations

ISIITA2020 - Vietnam

ISIITA2019 - Japan

ISIITA2018 - Kota Kinabalu

▶ Paper Submissions

The papers presented in ISIITA 2021 will be also included in the JIITA. Papers presented at the ISIITA 2021 will be published under the supervision of ISIITA. Papers should be readied 2-4 pages with conference template. Also, it should not be published and not be reviewing any other conferences and journals. Selected high quality papers will be recommended for the publications in the competitive International Journals such as SCI(E), SCOPUS, and EI indexed journals. The ISIITA 2021 supports the participants to organize the special sessions. Special session has no limit research area, and the session should be organized with four or more papers. Session organizers will be included automatically as a member of steering committee.

▶ Aim & Scope

The International Symposium Innovation in Information Technology Application (ISIITA) 2021, the world's premier networking forum of leading researchers in the highly active fields of information technology application, will be held in Yeosu, South Korea. The ISIITA 2021 will include oral and poster sessions as well as tutorials given by experts in state-of-the-art topics. IT experts, researchers, and practitioners from each field are invited to share ideas and research technologies; moreover, encouraged to cooperate with each other to overcome the confronted technical problems. As a result, this conference will become a place of knowledge where a variety of effects can be created.

▶ Host City : Yeosu, South Korea

Yeosu is a beautiful coastal city located in the southwest of Korea and it is famous for stunning views of the sea. It became more famous with the song 'Yeosu Night Sea' sang by a Korean singer-songwriter. Yeosu is absolutely a popular travel destination among Koreans, but it is relatively less-known to foreign tourists.

▶ Conference Topics

Topics include, but not limited to

❖ Information and Communications Systems

- RFID (radio frequency identification)
- USN (Ubiquitous Sensor Network)
- Telecommunication Systems
- Multimedia
- Digital Signal Processing
- Mobile/Wireless Communications

❖ Management Information Systems

- Data Governance
- IT Project Management
- Electronic Commerce
- Financial Management
- Information Security
- Software Engineering
- Business Process Management
- Multimedia Business Applications

❖ Industrial Electronic Systems

- Nano Technologies
- SoC/VLSI
- Robotics
- Embedded System
- Power Electronics
- Sensors and Control

❖ Biomedical information Science and Technology

- u-Healthcare
- Biosensors
- Wireless/mobile healthcare system
- Computational Health Informatics
- Rehabilitation Engineering & Assistive Technology

❖ Computer Application Systems

- Web Mining
- Visualization
- Artificial Intelligence
- Intelligent Interaction
- Computational Theory
- Web-Applications
- E-Learning
- Data Mining and Ontologies
- Computer Graphics and Vision

❖ Nano Electronic materials and Device

- Nanomaterials and Nanocharacterization Area
- Quantum Electronic Material and Device Area
- Functional Molecular Materials and Devices Area
- Engineering Science for Advanced Device Area
- Quantum Optoelectronic Devices Area
- Organic Electronic Device Area
- Biosystems and Devices Area
